Winter Golf Tips ❄️

Do not store your golf equipment in a cold garage or shed.

If you do plan on riding around in a cart, consider bringing a portable heater.

In the mood for a hot drink? Don't forget your thermos.

Switching to a bright yellow golf ball really helps on overcast days; makes it easier to find in leafy rough.

Too cold or wet to play 18 holes? Nine is just fine.

Winter golf can be brutal on your scorecard. Remember to have fun and leave the competitive play for Spring and Summer.

Move to Florida. We're kidding! (Sort of.)
